The Government Finance Officers Association of the United States and Canada (GFOA) presented an award of Distinguished Budget Preparation to the City of Los Angeles for its annual budget for the fiscal year beginning July 1, 2016.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communication device.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

BE IT FURTHER RESOLVED, that the items and total of the budget recommended and submitted by the Mayor, as modified by this Council, be adopted, stating the estimated amounts of money required to conduct the City government for the fiscal year commencing July 1, 2017 and ending June 30, 2018, including the estimated sums required to pay maturing portions of principal on bonded indebtedness, to pay interest at maturity dates, to maintain the necessary sinking funds to meet these obligations, and the estimate of revenue to be received during the fiscal year. The Controller is hereby authorized and instructed to make these changes in the proposed budget as are necessitated by the above modifications. The Office of the City Administrative Officer and the City Controller are hereby authorized and directed to correct any clerical, typographical, technical or printing errors in the budget consistent with the actions of Council in adopting the 2017-18 Budget.

1. Section 2 of the budget includes the estimated amounts of money required to pay the interest, maturing portion of the principal at respective maturity dates, and to maintain a sinking fund for the bonded indebtedness of the City of Los Angeles and to pay the expenses of conducting the business of City government, including the money required to be set aside for specific purposes by City ordinance, City Charter or State law; that the amount of money so required and the items in detail allowed to each department, officer, board, or fund of the City of Los Angeles is hereby fixed as allowed in this budget, and all these items are hereby appropriated to the departments and purposes

indicated and made subject to expenditure under the provisions of the Charter, and, in addition, subject to the provisions, where applicable, of the expenditure programs prepared or amended and filed as provided in Los Angeles Administrative Code Sections 5.26-5.31, the provisions of which are incorporated by reference; provided however, that all appropriations in excess of the amount indicated as coming from the General Fund are to the extent of the excess, conditional and made contingent upon receipt of moneys in the special purpose fund indicated. Provided further, however, that the amounts shown as Charter appropriations are presented as estimates and are subject to adjustment to conform to the provisions of the Charter governing the appropriations; and notwithstanding the amounts shown in these items, the maximum amount appropriated here to these purposes and departments shall be the amount appropriated for that purpose by the Charter.

2. A determination under Charter Section 1022 shall be required for all new contracts listed in the Supplemental Schedules of the 2017-18 Budget or any proposed during the fiscal year. The Council and boards of commissioners having control of their own revenues and funds shall have the authority to make this determination. In the case of personal services contracts, the authority to make this determination shall be delegated to the Office of the City Administrative Officer and the Personnel Department. Prior to initiating the contract process, the awarding authority shall request a determination from the Personnel Department regarding whether existing position classifications can perform the proposed work. If existing classifications can perform the work, the proposal must be submitted to the Office of the City Administrative Officer for a determination regarding whether it would be more feasible or economic to contract for the proposed work. Written reports of these determinations shall be transmitted to the requesting awarding authority. The awarding authority shall attach a copy of these determinations to the contract that is transmitted to the City Attorney for review and approval as to form. For any service that is currently provided by City employees and is proposed to be "privatized," no bid, request for proposal, request for qualifications or request for information shall be released until the contracting solicitation is first reviewed and approved by Council pursuant to Council File No. 93-2195-S1.

3. All requisitions, purchase orders, interdepartmental orders, rental of equipment or other encumbrances upon any account or appropriated item of any department shall be clearly recorded against the amounts available, both as to number of items and total amount and also subject to the provisions, where applicable, of the expenditure programs prepared or amended and filed as provided in Los Angeles Administrative Code Sections 5.26-5.31, in such a way that there shall never be an overencumbrance or an overexpenditure or a departure from the expenditure program upon any of these accounts or appropriated items, and so the full number of articles set forth and enumerated in the budget or subsequent appropriation can be purchased or acquired out of the amounts appropriated for those purposes. A detailed list of the equipment items shall be furnished to the Purchasing Agent by the Office of the City Administrative Officer to provide for economical expenditure of City funds and other advantages resulting from a planned procurement program. All travel for which funds have been appropriated in this budget will be governed by an authorized travel list, which

shall be furnished to the Controller by the Office of the City Administrative Officer in accordance with Council policy.

4. For the purpose of the budget, the total amount provided for salaries is considered the appropriated items for all salaries except that where separate accounts are shown, the amount of each account shall be considered a separate appropriated item. The item "overtime" shall, for the purposes of the budget, be deemed and construed a separate item and shall not become a part of the general salary items except upon lawful transfer pursuant to the provisions of the Charter.

5. The Controller is requested, in preparation of the final budget, to change the names of capital improvement projects to reflect the new names, if any, adopted by the Council subsequent to the preparation of the budget.

6. The City Council, acting under Section 3 of Chapter 927 of the Statutes of 1968, hereby authorizes and directs the City Controller to file the claims and take all steps required to obtain the replacement of revenue lost by operation of Section 988 of the Revenue and Taxation Code, or of other sections of the Revenue and Taxation Code that empower the City to make claims based on revenue losses due to State exemptions.

7. The omission of an amount opposite any line presented within any one of the account segregations of this budget or the omission of the item itself shall not be a bar to either subsequent appropriation to the item or items if contingencies arise, the appropriations to be made as the Charter provides.

8. In furtherance of the Council policy adopted on January 7, 1971, under Council File No. 70-1487, no funds shall be expended for design on capital improvement projects not authorized by the Council and the Mayor.

9. In accordance with Charter Section 320 and Los Angeles Administrative Code Section 5.27, department heads are instructed to expend funds only in conformance with the approved departmental expenditure programs, or as modified thereafter. In accordance with generally accepted accounting principles (GAAP), where necessary, the budgetary level of detail may be expressed by object categories such as "Total Salaries," "Total Expenses," "Total Equipment," and "Total Special" to reflect that which is contained in the departmental expenditure programs.

10. The "Tentative List" of construction projects in the General Services Department, as set forth in the Detail of Department Programs to the 2017-18 Budget, together with any modifications of these projects, which are approved prior to adoption of the budget, is part of the budget and is the "Approved List," subject to further modification on or before July 15 by submission of a "Final List" by the Office of the City Administrative Officer with the assistance of the General Services Department, in accordance with the Council's action adopted February 9, 1977, under Council File No. 76-4846.

11. The City Attorney, with the assistance of the Office of the City Administrative Officer and other City departments and offices as necessary, is requested to prepare and present to the Council by June 30, 2017 those ordinances as may be needed to implement the final decisions of the Mayor and the Council on the 2017-18 Budget.

12. In preparing the Departmental Personnel Ordinances for 2017-18, the Office of the City Administrative Officer and the City Attorney shall include in the ordinances the necessary changes in positions to reflect the final action on the City Budget.

13. The Office of the City Administrative Officer is directed to prepare and present to the City Council, on a timely basis, a report setting forth the necessary appropriations limit calculations and the City Council, at a duly noticed meeting, as provided by Government Code Section 7910, shall establish the appropriations limit and other determinations for 2017-18. Documentation used in the determination shall be made available to the public at least 15 days before any City Council meeting discussing this issue. These calculations shall reflect the final decisions of the Mayor and City Council on the 2017-18 Budget and the appropriations limit shall be placed in the final printed budget.

14. The Council hereby transfers and appropriates to the California Constitution, Article XIII B, Section 5, Special Fund, and the Controller is instructed to implement that action at the close of business on June 30, 2018 as follows:

a. Appropriate all funds in the various items in the Unappropriated Balance at the close of business on June 30, 2018, to the Article XIII B, Section 5, Special Fund.

b. Appropriate all General Fund revenues in excess of budget requirements at the close of business on June 30, 2018, to the Article XIII B, Section 5, Special Fund.

(3) Proposition A Local Transit Assistance Fund.

(4) Proposition C Anti-Gridlock Transit Improvement Fund.

(5) Telecommunications Development Account of the Telecommunications Liquidated Damages and Lost Franchise Fee Fund.

(6) Special Fire Safety and Paramedic Communications Equipment Tax Fund.

15. The City Council hereby reappropriates the unencumbered balances remaining in each of the following Funds and Accounts in the same amounts and into the same accounts in these Funds as exist on June 30, 2017, and directs the City Controller to take all necessary steps to accomplish this action: Fund No. 100-28; Fund 100-30, Account 9699; Fund 100-40, Accounts 1014, 1097, 1101, 1191, 1121, and 3180; Fund No. 100-46; and Fund 100-56, Accounts 0306, 0501, 0829, and 0832. For amounts reverted by Fund No. 100-40 Accounts 1014, 1097, 1101, 1191, 1121 and 3180, the City Council also hereby returns any uncommitted Special Fund balances for completed projects back to the Special Fund Project account as indicated in the authorizing Council File and authorizes the City Controller to take all necessary steps to accomplish this action.

16. All computer hardware and software material for the City departments and offices provided for in the 2017-18 Budget shall only be purchased by or with the approval of the Information Technology Agency in cooperation with the Purchasing Agent as prescribed by the Charter.

17. The Council directs City Managers to ensure that fees collected do not exceed the cost to provide services and directs the City Administrative Officer to monitor fees and periodically recommend adjustments as needed.

HOMELESS BUDGET

BASIS FOR THE 2017-18 BUDGET

The 2017-18 Proposed Budget for homeless-related expenditures relates to current year funding as follows:

	General Fund	Special Funds	Total	% Change
2016-17 Adopted Budget	$ 59,329,856	$ 73,392,139	$ 132,721,995	
2017-18 Proposed Budget	$ **40,178,286**	$ 93,776,162	$ **133,954,448**	
Change from 2016-17 Budget	$ **(19,151,570)**	$ 20,384,023	$ **1,232,453**	0.9%

The Homeless Budget provides funding for the provision of housing and services to homeless individuals and families in the City. Items funded as part of the Homeless Budget are included within the individual budgets for the Los Angeles Homeless Services Authority (LAHSA) and City departments. In 2016-17, the City increased funding to LAHSA on a one-time basis to initiate implementation of the City's Comprehensive Homeless Strategy. The reduction in funding is expected to be offset by an increase in funding to LAHSA from Measure H proceeds for homeless services within the City.

The 2017-18 Special Fund amount includes the Proposition HHH (Prop HHH) Permanent Supportive Housing (PSH) Loan Program and the Prop HHH Facilities Program that were established as a result of Prop HHH to fund the improvement or acquisition of real property for permanent supportive housing units and facilities for the chronically homeless, homeless, and those at-risk of homelessness. On November 8, 2016, voters approved Prop HHH on the State's General Election ballot. Prop HHH provides the City with authority to issue up to $1.2 billion in General Obligation (GO) bonds to finance the development of permanent supportive housing, affordable housing and facilities. PSH units will be financed to house chronically homeless and homeless households. PSH is housing combined with services, which may include mental and health services, drug and alcohol treatment, and education and job training. In accordance with Prop HHH, 80 percent of the GO bond proceeds are targeted for PSH units and facilities, and no more than 20 percent of the bond proceeds may be used for affordable housing, including veterans and housing for extremely low-income, very low-income, or low- income individuals and families, who are at risk of homelessness. GO bond proceeds will fund facilities that provide services to the homeless, such as service centers, health centers, shelters, storage, and shower facilities. Bond proceeds may only be used for "bricks and mortar" (capital), not operations or services.

As part of the 2017-18 Adopted Budget, Council provided for $5,173,250 in bridge funding and savings reallocation for various LAHSA programs to be funded by LAHSA savings from 2016-17. Upon receipt of Measure H funds, LAHSA will return $4,173,250 to the City. Additionally, a $643,928 Reserve Fund Loan was authorized to LAHSA through the Housing and Community Investment Department General Fund Program Fund 10A for cash flow purposes, which will be reimbursed once Measure H funding is received.

Prop HHH FY 2017-18 Bond Issuance	
Prop HHH Permanent Supportive Housing Loan Program	$ 75,875,162
Prop HHH Facilities Program	$ 12,004,219
Total	$ 87,879,381

LOS ANGELES HOMELESS SERVICES AUTHORITY

The Los Angeles Homeless Services Authority (LAHSA) is a Joint Powers Authority created and designated by the City and County of Los Angeles to act on behalf of both entities to address homelessness. LAHSA is a direct administrator of publicly-funded homeless programs throughout the Los Angeles region. LAHSA advises and participates in the framing of major public programs that affect people experiencing homelessness.

Los Angeles Homeless Services Authority	Mayor's Proposal Budget Appropriation 2017-18	Council Changes Budget Appropriation 2017-18
• **Access Centers** – The United States Department of Housing and Urban Development (HUD) instructed the City's Continuum of Care (CoC) to re-allocate funds to expand transitional housing programs to include supportive services such as showers, laundry, bathrooms, potential storage options, and optional safe parking. Supportive services programs were reallocated to protect $13 million at risk to the Los Angeles CoC. The reduction in funding is expected to be offset by an increase in funding to LAHSA from Measure H proceeds for homeless services within the City.	$ -	$ -
• **LAHSA Administration and Operations** - In addition to managing and administering the programs noted below, the proposed funding will support LAHSA's capacity to manage over $23 million in HUD McKinney-Vento program funding for the City's CoC.	1,756,712	1,756,712
• **City Homeless Programs – Council authorized LAHSA to retain 2016-17 savings to fund street strategy programs such as voluntary storage, safe parking, and other Council directives.**	-	**1,000,000**
• **Coordinated Entry System (CES) Crisis and Bridge Housing for Singles and Youth System** – This program funds basic emergency shelter and case management to offer a safe and secure shelter to men, women, and transition-age youth (18-24) who need shelter and access to showers and meals for a brief period (usually less than 30 days) before resolving the issues that created the homeless episode. CES identifies the most appropriate intervention and prescribes pathways to those interventions across all components of the homeless CoC. The reduction in funding is expected to be offset by an increase in funding to LAHSA from Measure H proceeds for homeless services within the City.	7,257,186	7,257,186
• **CoC Coordinated Assessment Match** – This match funds the City's portion of HUD grant-funded administrative oversight, operation, and ongoing improvements to coordinated entry systems.	59,883	59,883
• **Continuum of Care (CoC) Planning Program Grant Match** – This match leverages HUD grant funds and continues implementation of local strategic planning initiatives.	31,250	**156,250**
• **Homeless Management Information System (HMIS) Cash Match** - To receive approximately $110 million annually in McKinney-Vento Homeless Act funds through HUD, the City is required to implement and operate a Homeless Management Information System (HMIS) that tracks homeless population demographics, services, and outcomes for all homeless service providers in the Los Angeles CoC.	131,158	**193,658**

• **Downtown Drop-In Center/Oasis at San Julian Center** – Funds were previously provided for the Downtown Drop-In Center to function as a day program for homeless individuals in Skid Row. **The 2017-18 funding will support operations and will leverage up to $3 million from the County's Department of Health Services to complete the renovation and reprogramming of the center**. ~~Funding is not provided in 2017-18 because the Drop-In Center is expected to be under construction for conversion to a recuperative care center.~~	-	**225,000**
• **Domestic Violence (DV) Program for Singles and Families** – Funding in the amount of $613,200 was provided to prevent the loss of domestic violence programs for which funding was reallocated in the 2016-17 CoC Program Notice of Funding Availability (NOFA) submission for the Los Angeles CoC. Resources for this purpose are provided in the Housing and Community Investment Department budget. The reduction in funding is expected to be offset by an increase in funding to LAHSA from Measure H proceeds for homeless services within the City.	$ -	-
• **Emergency Response Teams (ERTs)** – LAHSA ERTs conduct direct outreach to homeless individuals who typically do not seek shelter or service programs of their own initiative. This outreach facilitates better access to City and County homeless resources, including the CES.	2,279,435	2,279,435
• **HFSS Crisis Housing for Families** – To prevent the loss of homeless bed capacity within the City, funding was provided to convert existing transitional housing beds to 24-hour crisis housing. The reduction in funding is expected to be offset by an increase in funding to LAHSA from Measure H proceeds for homeless services within the City.	-	-
• **Homeless Families Solutions System (HFSS) Rapid Re-Housing and Crisis Housing for Family System** – HFSS funding leverages Community Development Block Grant (CDBG) and Emergency Solutions Grant (ESG) funds to support the implementation of a City and County program covering eight Service Planning Areas (SPA). • **Annual Homeless Count** – HUD requires an annual census of persons experiencing homelessness during the last ten days of January for local jurisdictions to receive McKinney-Vento Homeless Assistance Grant funding. The census is a community-wide effort, funded with a split between the City and County, and made possible with the support of over 5,000 volunteers.	550,000	550,000
• **Housing Gap Analysis and Service Needs Assessment for Homeless Women** – Funding was provided in 2016-17 for a housing gap analysis and service needs assessment for homeless women. LAHSA is in the process of contracting with Downtown Women's Center, which will partner with USC Sol Price School of Public Policy to conduct the analysis. No funding is provided for 2017-18.	-	-
• **Mobile Showers – Due to the expansive geography of the City, homeless individuals often have difficulty accessing essential services that will help them maintain their personal health; funds are continued to contract with providers to operate a mobile shower program throughout the City.**	-	**425,000**

• **Navigation/Open Door Centers** – These centers provide a safe location where individuals experiencing homelessness can use sanitation facilities, toilets, and showers and access other vital services. This request includes administration of the CES Assessment, short-term storage of personal belongings, and, in some cases, safe parking for those living in cars. Funding to acquire or improve future facilities within the City may be available from Prop HHH proceeds.	-	-
• **Operation Healthy Streets (OHS)** – This program provides outreach services, restroom and bathing facilities, temporary storage, and mandatory 90-day storage for homeless individuals to meet public health requirements for clean streets.	2,113,806	2,113,806

Funds are used to support the Clean Streets LA operations and expand the regional storage capacity.**	$ -	**$ 554,000**
• **CES Regional Coordination** – The CES process streamlines access to the most appropriate housing intervention for those experiencing homelessness. CES lead providers oversee and coordinate the CES process through engagement, assessment, and interim support of the homeless individual. The reduction in funding is expected to be offset by an increase in funding to LAHSA from Measure H proceeds for homeless services within the City.	$ 700,000	$ 700,000
• **Rapid Re-Housing Vouchers** – Funding was provided for additional housing vouchers contingent upon receipt of funds from an agreement with short-term rental providers. The reduction in funding is expected to be offset by an increase in funding to LAHSA from Measure H proceeds for homeless services within the City.	-	-
• **CES Rapid Re-Housing (RRH) for Singles and Youth System** – This program funds rental subsidy payments that taper off over time as the formerly-homeless individual becomes more able to take over his or her rental payments. Also, RRH pays for a variety of supportive services that help improve housing retention. The reduction in funding is expected to be offset by an increase in funding to LAHSA from Measure H proceeds for homeless services within the City.	-	-
• **Safe Parking ~~and Mobile Showers~~** – *Safe ~~Parking~~*: Within the City's homeless population, an often underserved group of homeless exists that consists of individuals and families who reside within their vehicles as a form of shelter. MICHAEL N. FEUER
CITY ATTORNEY

REPORT NO. R17-0183

MAY 23 2017

REPORT RE:

BUDGET RESOLUTION FOR FISCAL YEAR 2017-2018

The Honorable City Council
of the City of Los Angeles
Room 395, City Hall
200 North Spring Street
Los Angeles, California 90012

Honorable Members:

Attached, approved as to form and legality, is a budget resolution prepared by the City Administrative Officer (CAO) and the Chief Legislative Analyst (CLA), with the assistance of the City Attorney, for the purpose of adopting a budget for the City of Los Angeles for Fiscal Year 2017-2018, beginning July 1, 2017.

Charter Section 313 requires that if the City Council modifies the budget, the Council shall return the budget as modified to the Mayor on or before June 1, 2017. If the Council fails to return the modified budget to the Mayor on or before June 1, 2017, the Mayor's proposed budget will become the budget for Fiscal Year 2017-2018. As contemplated in Los Angeles Administrative Code (LAAC) Section 5.31, the Council may adopt a budget resolution to meet the Charter Section 313 requirement. Additionally, the budget resolution incorporates the provisions of Division 5, Chapter 2, Article 6 of the LAAC as these provisions relate to appropriations made by virtue of adoption of the General City Budget

The budget resolution reflects the May 18, 2017, action of the Council in adopting the report of the Budget and Finance Committee, as amended and the Council instructions to staff.

Paragraph No. 2 of the budget resolution requires that a determination be made pursuant to Charter Section 1022 for all new contracts listed in the supplemental schedules of the budget or any new contracts proposed during the fiscal year. In certain cases, the Council makes the determination, and in other instances the determination is delegated. This paragraph also requires that before a contract is initiated, the awarding authority must request the Personnel Department to determine whether existing position classifications can perform the proposed work. Other required procedures are explained in Paragraph No. 2.

In Paragraph No. 6 of the budget resolution, the Council, as authorized under Section 3 of Chapter 927 of the California Statutes of 1968, authorizes and directs the Controller to file claims and to take all steps necessary to obtain replacement of revenue lost by operation of the Revenue and Taxation Code.

Paragraph No. 11 of the budget resolution instructs the City Attorney, with the assistance of the CAO and other City departments and offices as necessary, to prepare and present to the Council no later than June 30, 2017, those ordinances necessary to implement the final decisions of the Mayor and the Council on the 2017-18 Budget. The City Attorney's Office will prepare and transmit these ordinances under separate cover. The ordinances that effectuate fee increases require a special notice and hearing pursuant to Proposition 218 and/or Government Code Section 66000, *et seq.*, in addition to the notice and public hearing the Brown Act requires, which may delay action by your Honorable Body to a date beyond June 30, 2017. Prior to bringing these ordinances before you for adoption, the City Clerk will notice the necessary public hearings, which you or your Committees will conduct. The remainder of the budget ordinances may be heard and adopted immediately, in conformance with the notice and public hearing requirements of the Brown Act.

Paragraph No. 14 of the budget resolution appropriates certain funds at the close of the 2017-2018 Fiscal Year to the Article XIII B, Section 5, Special Fund, and includes instructions to the controller. The effect of this is to provide for the transfer of year-end balances by means of the budget resolution rather than a separate and special Mayor/Council action at the end of the fiscal year.

Very truly yours,

MICHAEL N. FEUER, City Attorney

CITY OF LOS ANGELES

ERIC GARCETTI
MAYOR

April 20, 2017

Dear Angelenos:

A budget is more than numbers. It is a statement of our values, an expression of our ambitions, and a sign of our commitment to building a better future.

That's why it is with great pleasure that I propose my fourth budget — a new opportunity for us to focus the City's resources on ensuring a safer and more prosperous, livable, and well-run city for the people of Los Angeles.

I am honored that you have given me the chance to serve another term as your Mayor. And with this budget, I intend for us to build on the progress of the last four years and continue charting a course to a prosperous future for Los Angeles.

When I took office in 2013, I promised to bring Los Angeles back to basics — by making changes that Angelenos could see in their neighborhoods every day, and building confidence in the power of City government to improve their quality of life. Together, we have delivered on that promise.

We hired firefighters for the first time since the recession, and redeployed more sworn police officers into our communities; we improved the condition of our streets and sidewalks for the first time in decades; and we used data and innovative technology to maximize City resources, and improve the delivery of basic services from street cleaning to pothole repair.

And at every step of the process, we have led with a commitment to customer service — speeding up response times, shortening wait times, and making City Hall more accessible to Angelenos.

In November, voters passed Proposition HHH and Measure M by overwhelming margins and sent a clear message: we are ready to make unprecedented investments to address homelessness and build out our transportation network.

In the coming years, we will realize our collective dreams: to connect our city and lift up the most vulnerable among us. This budget sets the path toward that future, and here are some of its highlights:

A Safer City

- $1 million in funding for a new Associate Community Officer Program (A-Cop) to bridge a gap in the LAPD officer recruitment pipeline and help reduce officer desk time
- In FY 2017-18, the LAPD will assume responsibility for patrolling all Metro bus and rail services in Los Angeles — enhancing crime prevention and response on transit across the city

A More Prosperous City

- $2.9 million in funding for new outreach and sanitation teams to improve conditions at homeless encampments, while helping to move people off the streets and into housing
- $65 million in Proposition HHH funding for new permanent supportive housing projects and $12 million in HHH funding for new facilities to connect homeless Angelenos to services

A Livable and Sustainable City

- $20 million in local funding from Measure M to launch a program for fixing “failed” streets for the first time in decades
- $2 million expansion to the City’s graffiti removal program, which will allow the city to respond to 90% of requests within a single day
- $280,000 in new funding for the Girls Play LA initiative, which will help double the City’s free recreation programs for girls and improve gender equity in sports programming

A Well-Run City

- $70,000 to start a program to develop “Anytime-Anywhere Testing,” improving the City’s ability to recruit and test new candidates for City positions
- Continuing the City’s $1 million Innovation Fund, which has provided seed funding to pilot programs of new ideas for delivering City services

Los Angeles’ future is ours to build. But we can’t create a better future without your support and participation. This vision belongs to all of us, and I look forward to working with you to realize it.

Sincerely,

ERIC GARCETTI
Mayor

ECONOMIC AND DEMOGRAPHIC INFORMATION

Introduction

The City of Los Angeles, California (the "City") is the second most populous city in the United States with an estimated 2017 population of 4.04 million persons. Los Angeles is the principal city of a metropolitan region stretching from the City of Ventura to the north, the City of San Clemente to the south, the City of San Bernardino to the east, and the Pacific Ocean to the west.

Founded in 1781, Los Angeles was a provincial outpost under successive Spanish, Mexican, and American rule for its first century. The City experienced a population boom following its linkage by rail with San Francisco in 1876. Los Angeles was selected as the Southern California rail terminus because its natural harbor seemed to offer little challenge to San Francisco, home of the railroad barons. But what the region lacked in commerce and industry, it made up in temperate climate and available real estate; soon, tens and then hundreds of thousands of people living in the Northeastern and Midwestern United States migrated to new homes in the region. Agricultural and oil production, followed by the creation of a deep water port, the opening of the Panama Canal, and the completion of the City-financed Owens Valley Aqueduct to provide additional water, all contributed to an expanding economic base. The City's population climbed to 50,000 persons in 1890, and then swelled to 1.5 million persons by 1940. During this same period, the motor car became the principal mode of American transportation, and the City developed as the first major city of the automotive age. Following World War II, the City became the focus of a new wave of migration, with its population reaching 2.4 million persons by 1960.

The City and its surrounding metropolitan region have continued to experience growth in population and in economic diversity. The City's 470 square miles contain 11.5 percent of the area and 39 percent of the population of the County of Los Angeles (the "County"). Tourism and hospitality, professional and business services, direct international trade, entertainment (including motion picture and television production), and wholesale trade and logistics all contribute significantly to local employment. Emerging industries are largely technology driven, and include biomedical, digital information technology, environmental technology and aerospace. The County is a top-ranked county in manufacturing in the nation. Important components of local industry include apparel, computer and electronic components, transportation equipment, fabricated metal, and food processing. Fueled by trade with the Pacific Rim countries, the Ports of Los Angeles and Long Beach combined are the busiest container ports in the nation. As home to the film, television and recording industries, as well as important cultural facilities, the City serves as a principal global cultural center.

Personal Income

The U.S. Census Bureau defines personal income as the income received by all persons from all sources, and is the sum of “net earnings,” rental income, dividend income, interest income, and transfer receipts. “Net earnings” is defined as wage and salary, supplements to wages and salaries, and

proprietors' income, less contributions for government social insurance, before deduction of personal income and other taxes.

BUDGET STATEMENT

GENERAL

The City of Los Angeles (City) was incorporated in 1850 under the provisions of a City Charter. The current Charter was approved by the voters on June 8, 1999 and became operative on July 1, 2000. The Charter has been amended periodically since that time.

As Executive Officer, the Mayor supervises the administrative process of the City and works with the Council in matters relating to legislation, budget, and finance. As governing body of the City, the 15-member, full-time Council enacts ordinances, levies taxes, approves utility rates, authorizes contracts and public improvements, adopts zoning and other land use controls, and provides the necessary resources for the budgetary departments and offices of the City. Council action is subject to the approval or veto of the Mayor; Council may override a Mayoral veto by a two-thirds vote.

Public services provided by the City include: police, fire, and paramedics; residential refuse collection and disposal; wastewater collection and treatment; street maintenance and other public works functions; enforcement of ordinances and statutes relating to building safety; public libraries; recreation and parks; community development, housing, and aging services; planning; airports and the harbor; power and water services; and the convention center.

BUDGET PROCESS

The City's fiscal year runs July 1st through June 30th. The Mayor releases a budget policy letter that defines City objectives for the next fiscal year. This letter guides City departments, bureaus and other offices in preparing their annual budget requests. The Charter requires that budget requests be submitted to the Mayor by January 1st.

In conjunction with analysis by the Office of the City Administrative Officer (CAO) and each General Manager, the Mayor reviews the budget requests of every City department, bureau, and office. By March, the Mayor's Office develops the revenue projections in conjunction with the Office of Finance, the CAO, and the Controller. The Mayor's Proposed Budget is then prepared and submitted to the Council. The Charter requires that the Proposed Budget be presented to the Council by April 20th of each year. When April 20th falls on a weekend or City holiday, the period is extended to the next business day.

A Council committee examines the proposed budget in hearings with the Mayor's Office, City General Managers, CAO, Chief Legislative Analyst, and staff. The committee then develops recommendations on the proposed budget for Council consideration. The Charter requires the Council, by majority vote, to adopt or modify the proposed budget by June 1st. Once the Council has acted, the Mayor has five working days to approve or veto any Council changes made to the proposed budget. Once the Mayor has acted, the Council has five working days to sustain or override by two-thirds vote the Mayor's actions. The result of this entire process is the adopted budget for the next fiscal year. A budget calendar is presented to show the scheduled process.

BUDGET BASIS

The City's annual budget is prepared on a modified cash basis of accounting. Revenues are recognized when cash is received, and appropriations include both cash payments and encumbrances for purchase orders and contractual services. Encumbered appropriations that have not been paid at the end of the current year will be paid in a subsequent year. The budget is not prepared based on Generally Accepted Accounting Principles (GAAP) classifications. The primary differences between the City's budget and GAAP are: the latter's recognition of revenue on an accrual basis; depreciation of fixed assets; certain contingencies, such as compensated absences for accrued vacation and sick pay; and differences in classification of inter-fund transfers. However, the Comprehensive Annual Financial Report for Los Angeles shows the status of the City's finances on the basis of the GAAP classifications.

Department funds are controlled at the line item or account level. Some enterprise funds are controlled at the fund level. Spending authority authorized in the annual budget can be increased or decreased throughout the fiscal year as unanticipated situations arise. The Mayor has authority to transfer funds between accounts within a department subject to a limit established by ordinance. Otherwise the Council, by majority vote and subject to approval by the Mayor, may increase or decrease appropriations, and transfer funds within and between departments and funds. The Mayor may veto the Council action, which then may be overridden by a two-thirds vote of the Council.

BUDGET PRESENTATION

The complete presentation of the Mayor's Proposed Budget is included in four budget books: Budget Summary, Proposed Budget Book, Detail of Departmental Programs (Blue Book), and Revenue Outlook. Because of the volume of budget data and the different ways in which the various types of information are used, the City presents its budget information in these separate books.

The Mayor's Budget Summary is designed to provide the reader with highlights and general information concerning the Proposed Budget. It identifies the Mayor's funding priorities and briefly describes how the proposed budget meets these priorities. It also provides a general financial overview of the City.

The Proposed Budget Book contains more of the technical information concerning departments and special funds. It includes a basic explanation of expenditures, appropriations and source of funds for each department and major special purpose fund, the Controller's revenue estimate, federal and state grant funding estimates, and a breakdown of the proposed budget by function (functional distribution).

The Detail of Departmental Programs, also known as the Blue Book, provides detailed explanations of year-over-year proposed changes to the City's annual budget base. This information is provided for each operating department and for various funds. The changes are categorized to differentiate between obligatory changes, such as salary adjustments, and discretionary changes, such as productivity improvements or service level changes. The Blue Book also includes schedules, by department, office, or bureau, of Employment Authorities and Salaries, Travel, Contractual Services, and Alterations and Improvements Projects. The Travel schedule provides a travel authority list and the expense funding proposed, if applicable. The Contractual Services schedule details each department, office, or bureau's authority to contract for services. The Alterations and Improvements schedule details non-capital repair and improvement projects.

The Revenue Outlook provides an overview of the revenue anticipated, including an explanation of assumptions, changes between the prior year and program year, and a five-year General Fund revenue forecast. A detailed estimate of General receipts by type as well as licenses, permits, and fees by department are provided, along with a detail of special funds receipts that directly finance the Proposed Budget.

BUDGET ADJUSTMENTS

During the course of the fiscal year, adjustments to appropriations may be required due to changes in revenue or expenditure projections based on year-to-date actuals or unanticipated occurrences. Pursuant to the Charter, any adjustments to appropriations subsequent to the adoption of the budget require the approval of the Mayor and Council. To assist the Mayor and Council in their consideration of interim budget adjustments, the CAO prepares financial status reports throughout the year which provide information on the condition of the City's finances. The information contained in the financial status reports includes but is not limited to departments' expenditure patterns, actual revenues received to date, revenue trends, the status of the Reserve Fund, and other issues that may have a fiscal impact on the City such as state or federal funding changes. The CAO makes recommendations on any requested changes to appropriations based on its financial analysis of the data, the anticipated fiscal impact, and the long-term financial outlook of the City. Any deficits identified or projected in accounts are addressed through the financial status reports. The CAO typically issues four financial status reports each year, with the last report serving as the year-end report for the fiscal year.

FINANCIAL POLICIES OF THE CITY OF LOS ANGELES

INTRODUCTION

The City of Los Angeles enjoys some of the highest credit ratings of any major urban area in the nation. These high ratings reflect a variety of factors, including the strength and diversity of the regional economy, moderate debt levels, and historically strong fiscal management, including the provision of adequate reserves. The City is committed to implementing and maintaining strong fiscal policies and financial discipline. In previous years, the City has established a Reserve Fund Policy, a Debt Management Policy, a one-time funding policy, and an ongoing funding policy for new programs. These existing policies were updated and incorporated into a set of comprehensive City Financial Policies.

The City's Financial Policies are divided into seven sections as follows:

- Fiscal
- Fee Waiver
- Capital Improvement Program Funding
- Pension & Retirement Funding
- Reserve Fund
- Debt Management
- General Fund Encumbrances

In 2012-13, the City adopted a new financial policy with regard to General Fund encumbrances. The General Fund Encumbrance Policy and the other financial policies are summarized herein.

FISCAL POLICIES

The City receives revenue from various sources and must function within the limits of these resources each fiscal year. By law, the annual budget cannot exceed available resources, defined as revenues generated in the current year added to balances carried forward from prior years. Temporary operating deficits measured against current revenue can and do occur. To ensure the public can realize the benefits of a strong and stable local government, operating deficits will not be tolerated as extended trends. The City cannot develop operating deficits or use one-time revenues against on-going expenditures and expect the delivery of high quality services to residents. The following is also required:

- As part of the City Administrative Officer's (CAO) continuing responsibility to ensure the financial stability of the City, the Financial Policies will be updated and maintained as needed.
- Current operations are to be funded by current revenues. One-time revenues will only be used for one-time expenditures. The City will avoid using temporary revenues to fund ongoing programs or services.
- Reports to the Mayor and Council will include Fiscal Impact Statements stating the full cost of the program or service in the current year, plus the future annual costs.
- All actions for consideration before the Council will include a statement indicating whether the requested action conforms to the City's Financial Policies.
- Overtime account(s) are managed within departmental budgets, absent operational emergencies. The CAO is required to track and report overtime expenditures exceeding the department's overtime budget and recommend intradepartmental transfers.
- All negotiated Memoranda of Understanding need to quantify the overall cost to the City including salary, overhead, pension, medical (active and retired), and workers' compensation costs and the impact on the City's existing structural deficit.
- Annually, the CAO must conduct and publish a Financial Policies compliance review for proposed, adopted, and actual appropriations and expenditures.

FEE WAIVER POLICY

From time to time, Council may decide to waive fees when it can be demonstrated that a direct public benefit can be obtained. These policies are not intended to replace or supersede the Revenue Policy stating that sufficient user charges and fees will be pursued and levied to support the full cost of operations for which fees are charged. Further parameters are still currently being developed to ensure compliance with the City's Reserve Fund Policy. Examples of current fee exemptions and subsidies for City services include:

- Film and Photography: Use of the facilities, sites, equipment or other non-intellectual properties of City entities for filming or photography purposes are free of charge except for those of the Convention Center, El Pueblo, the Department of Recreation and Parks, the Los Angeles Zoo, and the Warner Grand Theater.
- Special Events Fee Subsidies: Special Events Fee subsidies up to 50 percent of total eligible fees may be provided for Non-Commercial Special Events that promote a public purpose and provide a public benefit, limited to two events per sponsor per year, unless exempted. No Special Event fee subsidy will be approved unless it is confirmed that sufficient funding exists.
- Convention Center Fee Waiver: Non-profit organizations sponsoring a free event that serves a public purpose and enhances the activities and services routinely provided by governmental entities may qualify for a fee subsidy up to $2,500 per day for rented rooms, limited to once per year.
- Parking Validation Payment Waivers: City funds can be used for validated parking or reimbursement of parking expenses for official uncompensated volunteers to the City; sworn officers ordered to appear in court with official assignments on the same day; employees on official City business outside of the City without access to feasible public transportation; or as required by an existing MOU.
- Development Fee and Permit Fee Waiver: Development fee subsidies may be provided for projects by non-profits that promote a public purpose and community and economic development. Subsidies may also be provided for public physical plant type construction projects undertaken by individuals, non-profits, or for-profits for which no profit will be realized.

CAPITAL IMPROVEMENT PROGRAM FUNDING POLICY

The City's Capital Improvement Expenditure Program (CIEP) provides for the purchase, renovation or upgrade of new and existing municipal facilities, or physical plant infrastructure. Multiple sources fund the CIEP depending on the type of project and the use of the facility. The City develops and maintains a five-year capital improvement program budget encompassing all City municipal and physical plant facilities. The City also realizes the impact of capital assets on the operating budget and understands that capital assets need to be regularly maintained to avoid major deferred maintenance expenditures and to extend useful life whenever possible.

The City will budget, to the extent possible, one percent of General Fund revenues to fund capital or infrastructure improvements to ensure their adequate maintenance.

PENSION & RETIREMENT FUNDING POLICY

The City Charter requires the City to fully fund both the Los Angeles City Employees' Retirement System (LACERS) and the Fire and Police Pensions System (Pensions) based on annual actuarial studies. These actuarial studies may change from year-to-year based on recent experience data, actuarial assumption changes, actuarial funding method changes, market conditions, future Governmental Accounting Standards Board reporting requirements, or other factors influencing the actuarial process. Market conditions affect both LACERS and Pensions over time. These market conditions affect the funding ratio calculated at the end of each fiscal year through the actuarial process for both systems. Over time, depending on market conditions and the actuarial computed contribution rates, the City's annual contribution rate will increase or decrease.

To stabilize the City's annual contribution from year to year, the City will limit the amount recognized as savings during those fiscal years when either of the systems are over-funded (greater than 100 percent funded). Specifically, the amount budgeted for retirement and health contributions will be no less than the amount derived by reducing the normal cost contribution rate to ninety (90) percent. An adopted contribution rate that would allow the City to contribute an amount less than ninety (90) percent of the normal cost will trigger this provision that prohibits the City from utilizing this savings to fund the City's ongoing service and program costs. Any savings or reduction in funding calculated due to the incremental contribution rate below the ninety (90) percent threshold, will only be budgeted for one-time expenditures, such as capital projects, capital asset renovations, deferred capital maintenance, outstanding debt reduction, or to build future reserves to offset future market conditions.

RESERVE FUND POLICY

The Reserve Fund Policy provides guidelines during the preparation of and deliberations on the annual budget on the Reserve Fund's size to ensure sufficient reserves are maintained for revenue shortfalls or unanticipated expenditures, and to preserve flexibility during the fiscal year to adjust funding for programs approved in the annual budget. The objective is for the City to be in a strong fiscal position that will be better able to weather negative economic trends. This is important since the City is bound by the requirements of Proposition 218, which prevents the City from raising taxes without voter approval.

The Reserve Fund Policy established a goal of increasing the Reserve Fund to five percent of the General Fund revenues, a minimum of 2.75 percent in the Emergency Reserve Account, and any additional funds allocated to the Contingency Reserve Account, in furtherance of the Financial Policies. In March 2011, voters approved Charter Amendment P, a measure that establishes the Reserve Fund's Emergency and Contingency Reserve as Charter accounts. Additionally, a Budget Stabilization Fund was created, with deposits to be made when the economy is strong and actual revenue exceeds the projected revenue target.

Emergency Reserve Account

To use funds from the Emergency Reserve Account, a finding by the Mayor, with confirmation by at least two thirds of the Council, of "urgent economic necessity" will be required, as well as a determination that no other viable sources of funds are available. A finding of urgent economic necessity would be based on a significant economic downturn after the budget is completed or an earthquake or other natural disaster.

Contingency Reserve Account

In the event that there are unanticipated expenses or revenue shortfalls impacting programs approved in the current year budget, the Contingency Reserve Account will be the source of any additional funding for those programs. Funds must be appropriated by a vote of at least a majority of the Council, with Mayoral concurrence, or by a super-majority of the Council in the event of a Mayoral veto. Funds for new programs or positions added outside of the current year budget must come from other non-Reserve Fund sources.

Budget Stabilization Fund

A Budget Stabilization Fund has been created to prevent overspending during prosperous years and provide resources to help maintain service levels during years of slow revenue growth or declining revenue. An initial deposit of $500,000 was made to the Budget Stabilization Fund in 2009-10. As part of the 2009-10 budget process, the Mayor and Council established a Budget Stabilization Fund (BSF) to reduce the impact on services when economic conditions turn for the worse as they did between 2008-09 and 2010-11.

DEBT MANAGEMENT POLICY

The Debt Management Policy was developed to provide guidelines for the issuance of bonds and other forms of indebtedness to finance capital improvements, equipment acquisition and other items. This amended policy incorporates the original Debt Management Policy approved by the Mayor and City Council in 1998, the Municipal Improvement Corporation of Los Angeles ("MICLA") Departmental Operating Policies approved by the Mayor and City Council in 2000 and the Variable Rate and Swap Policies approved by the Mayor and Council in 2003. The Mello-Roos Policies and Procedures, adopted in 1994, remain as separate policies based on the unique nature of this debt structure.

The Debt Management Policy describes the methods and circumstances with which certain types of financing products can be used, the guidelines that will be imposed on them, and who in the City is responsible for implementing these policies. While the issuance of debt is frequently an appropriate method of financing capital projects and equipment acquisition, monitoring is required to preserve the City's credit strength and budget flexibility. These guidelines will assist the City in determining the appropriate uses for debt financing, structuring debt financings, and establishing certain debt management goals.

The CAO, Debt Management Group, as part of its ongoing responsibility to manage the City's Debt Program, will use these policies in determining the appropriate uses for fixed-rate, long-term rate, variable rate debt, commercial paper and interest rate risk reduction products, and establishing parameters for their use, when recommending their use to the Mayor and Council. In evaluating a particular transaction, the CAO will review the long-term implications, including costs of borrowing, historical interest rate trends, variable rate capacity, credit enhancement capacity, opportunities to refund related debt obligations, and other similar considerations. This analysis will be included in the CAO report recommending a transaction to the Mayor and Council. In addition, the CAO will report on revenue bonds issued by the proprietary departments.

The City has earned some of the highest credit ratings for large cities in the nation, thus reducing the City's interest costs paid on the amounts borrowed and resulting in lower tax rates and a reduced burden on the General Fund. This policy is intended to help in maintaining the City's high credit ratings. Additionally, this policy is intended to provide selection criteria for financial consultants, underwriters and attorneys that will ensure a fair and open selection process, provide opportunities for all firms to participate in City contracts, and result in the selection of the best qualified professionals.

GENERAL FUND ENCUMBRANCE POLICY

An "encumbrance" is a reservation of funds to cover purchase orders, contracts, or other goods and services that are chargeable to an appropriation. It records obligations before goods are received or services are rendered. Encumbrances are often recorded based on estimates of the cost of goods or services being purchased.

In 2013, the City adopted a policy on General Fund encumbrances to improve transparency and accountability by establishing a formal and automatic process that results in the timely disencumbrance of funds. The timely disencumbrance of funds is necessary to reflect an accurate and updated status on the availability of funds. If the funds are not disencumbered, they will continue to be regarded as obligated balances, thereby reducing the available monies the City may use for other critical needs.

Pursuant to this policy, any Financial Management System and Supply Management System encumbered funds that remain unspent for a period longer than one fiscal year shall be reverted to the Reserve Fund or their original source of funds subject to a phase-in schedule. The City Controller and the City Administrative Officer are authorized to implement this policy and to ensure funds are disencumbered at the appropriate time. The policy allows for the reappropriation of funds and other exemptions when it can be clearly demonstrated that it is in the best interest of the City to do so as in the case of legal obligations, capital improvement projects, or other liabilities.

FUND STRUCTURE

GENERAL FUND

The General Fund is the primary operating fund of the City. It is used to account for all financial resources except those required to be accounted for in other funds. General Fund revenues are derived from such sources as taxes, licenses, permits, fees, fines, intergovernmental revenues, charges for services, special assessments, interest income, and other resources available for discretionary funding. Expenditures are expended for functions of general government, protection of persons and property, public works, health and sanitation, transportation, cultural and recreational services, community development, capital outlay, and debt service.

For purposes of the budget, the General Fund is separate and distinct from the Reserve Fund and other special funds created for a variety of restricted purposes.

RESERVE FUND

The Reserve Fund is an account in which unrestricted cash is set aside outside the budget for unforeseen expenditures and emergencies. The funds can be transferred into the budget for such purposes as necessary. At fiscal year-end, the unreserved and undesignated fund balance in the General Fund is transferred to the Reserve Fund and reported as “Reversion to Reserve Fund.” The reversion to the Reserve Fund consists of excess general revenues and other unspent appropriations, as well as lapsed encumbrances.

Excess revenue or unallocated general revenue, excluding one-time receipts, reverting to the Reserve Fund is due to higher than anticipated revenue estimated in the current year. The resulting larger revenue base suggests that the revenue realized in the current year would recur the following year and are not fully one-time.

In August 1998, the City adopted a Reserve Fund policy establishing a target of two percent of General Fund revenues and setting aside a portion of the Reserve Fund for use in emergency situations. The two percent figure would be reevaluated annually during budget preparation to determine whether it is adequate.

Two accounts were established within the Reserve Fund:

Emergency Reserve Account – in order to remove funds from this account, a finding by the Mayor, with the confirmation by the Council, of “urgent economic necessity” must be made, as well as a determination that no other viable sources of funds are available. A finding of urgent economic necessity would be based on a significant economic downturn after the budget is completed, or an earthquake or other natural disaster.

Contingency Reserve Account – to be used for unanticipated expenditures or revenue shortfalls impacting programs already approved in conjunction with the current year budget. It is not to be used to fund new programs or positions added outside of the current year budget. Such funding must come from other sources.

In April 2005, the City adopted its Financial Policies, including a goal of gradually increasing its Reserve Fund to five percent of the General Fund revenues, a minimum of two percent in the Emergency Reserve Account, and any additional funds up to three percent placed in the Contingency Reserve Account. In June 2007, the Council increased the minimum Emergency Reserve Account to 2.75 percent, with the remainder to be allocated to the Contingency Reserve Account.

In March 2011, voters approved Charter Amendment P, a measure that formalized the City’s current financial policy for the Reserve Fund. It established the Reserve Fund’s Emergency and Contingency Reserve as Charter accounts and sets a minimum balance for the Emergency Reserve account of 2.75 percent of General Fund receipts. The Emergency Reserve can only be spent when at least two thirds of Council and the Mayor determine there is an “urgent economic necessity.”

BUDGET STABILIZATION FUND

The Mayor and Council established a Budget Stabilization Fund as part of the 2009-10 budget process. The purpose of the Budget Stabilization Fund is to set aside savings during periods of robust economic growth which can then be drawn upon to stabilize revenues during economic downturns. Then in 2011, Charter Amendment P added the Budget Stabilization Fund to the Charter. This Fund is comprised of excess revenue from seven economy-sensitive taxes, Property Tax, Utilities Users' Tax, Business Tax, Sales Tax, Transient Occupancy Tax, Documentary Tax, and Parking Users' Tax. If cumulative receipts from these taxes are 3.4 percent above the prior year's adopted budget level, those excess receipts are directed to the Budget Stabilization Fund. The Budget Stabilization Fund will primarily be used to offset shortfalls that occur due to lower than usual (3.4 percent) growth in these taxes, or for one-time uses if the amount in the Fund exceeds 15 percent of the General Fund budget.

On occasion, and as permitted by the Ordinance establishing the Budget Stabilization Fund, the required annual budget appropriation to the Budget Stabilization Fund has been reduced in order for the City to comply with the City's Capital Improvement Expenditure Program policy, which calls for funding capital or infrastructure improvements from the General Fund at an amount that is equal to or greater than 1 percent of all General Fund expenditures.

SPECIAL FUNDS

Special Funds are used to account for revenues derived from specific taxes, fees, governmental grants, or other revenue sources that are designated to finance particular functions and activities of the City. Special fund revenues include charges to customers or applicants for services provided, operating grants, and special assessments. Detailed explanations of each Special Fund can be found in Section 3 of the Proposed Budget. Examples of special funds to be spent for a variety of restricted purposes are:

The *Sewer Enterprise Fund* accounts for the construction, operations, and maintenance of the City's wastewater collection and treatment system.

The *Solid Waste Resources Revenue Fund (Sanitation Equipment Charge)* accounts for all capital and operational activities associated with solid waste collection, recycling, recovery, and disposal.

The *Building and Safety Permit Fund* accounts for the fees collected for plan check, permitting, and inspection of new construction in the City; testing of construction materials and methods; and examining the licensing of welders, equipment operators, and registered deputy building inspectors.

The *Proposition C Anti-Gridlock Transit Improvement Fund* accounts for the additional one-half cent sales tax to improve transit service and operations, reduce traffic congestion, improved air quality and the condition of streets and freeways utilized by public transit, and reduce foreign fuel dependence.

The *Proposition A Local Transit Assistance Fund* accounts for the City's 25 percent share of the additional one-half cent sales tax within the County of Los Angeles for public transit programs.

The *Special Gas Tax Street Improvement Fund* accounts for gasoline tax and Traffic Congestion Relief Fund and federal grant revenues from the Surface Transportation Program to be used for the City's local streets and road system.

The *Community Development Fund* accounts for federal grant funds for community and economic development within the City.

The *Special Parking Revenue Fund* accounts for all monies collected from parking meters in the City except those located in established vehicle parking districts for operations of meters in the City.

Allocations from Other Governmental Agencies Special Revenue Fund is not all-inclusive because the budget provides for only the portion of fund receipts that are expended to finance City department operations.

Continuing appropriations for Special Funds are carried forward to the next budget year. Funds for unspent prior-year appropriations are reserved to indicate that they are not available for new spending because they have been committed.

Such programs are submitted in detail in accompanying documents and are incorporated as a part of this budget by reference. Such programs, as approved by the final adoption of the budget, constitute the program of planned expenditures mentioned in Section 320 of the Charter, subject to such other expenditure controls as may be provided by law. Provided, however, that all appropriations in excess of the amount indicated as coming from the General Fund are, to the extent of such excess, conditional and made contingent upon receipt of monies in the Special Purpose Fund indicated. Provided, further, that no liability can be assumed or be imposed in excess of the amount indicated as coming from the General Fund, and that the assuming or imposing of liabilities with respect to amounts indicated as coming from special purpose funds are limited to the amounts actually received or made available through such funds.

SOURCE OF FUNDS

The amounts indicated for each fund are the amounts appropriated from such funds to finance the items appropriated for expenditure by the respective departments for the year 2017-18. Allocations, apportionments, and appropriations from special purpose funds as shown for each department, office, or bureau are contingent and subject to change, depending upon the proper receipt and allocation of such funds.

FOOTNOTES

1. "Special I" cultural services are distributed throughout the City of Los Angeles. All "Special Appropriations I" awarded should be recommended through the Peer Panel/Allocations Committee Review Process. The General Manager will submit the list of approved items to the Controller along with its submission of its Expenditure Plan in July each year.

The inclusion of items in the "Special Appropriations I" portion of the Cultural Affairs Budget shall, at the time of final action on the Budget, constitute an instruction to the Department to draft the appropriate contracts. The General Manager is authorized and directed to execute such contracts on behalf of the City, provided that the fund has achieved expected revenue projections. Interim appropriations to the "Special Appropriations I" portion of the Cultural Affairs Department budget are directed to be handled in a like manner. In view of the nature of Special I appropriations, when a contract is required, it is deemed more feasible to contract for services than to use City employees on a temporary basis. The Department will submit a report to the Controller every four months listing the contractors and amounts, for awards which are determined on quarterly deadlines.

2. The "Special Appropriations II" and "Special Appropriations III" portions of the Cultural Affairs Budget shall, at the time of final action on the Budget, constitute an instruction to the General Manager to draft any necessary and appropriate contracts and to submit those for review and approval in conjunction with Executive Directive No. 3. The General Manager is authorized and directed to execute such contracts and, subject to the prior review and approval by the City Attorney as to form and legality, to expend the funds authorized for presentation of the identified events upon proper demand to the Controller and in cooperation with other participating City departments and agencies. If the total funds to be expended for a Special II or Special III appropriation exceed 125 percent of the appropriation, or if the type of service is to be changed, the General Manager shall obtain additional authority from the Mayor and City Council before proceeding. Interim appropriations to the "Special Appropriations II" portion of the Budget are directed to be handled in a like manner. In view of the nature of Special II and Special III appropriations, when a contract is required, it is more feasible to contract for services than to use City employees on a temporary basis.

3. For each project contained within the Special Appropriations I, Special Appropriations II and Special Appropriations III categories, the General Manager shall provide to Council a quarterly report detailing, by line item, all expenditures including the amount originally appropriated, the balance remaining, and in the quarter it becomes available, final close-out information to provide a consistent reporting format for all Special-funded Department-sponsored activities.

4. Art instruction programs conducted by the Cultural Affairs Department are to be limited to residents of the City of Los Angeles.

Disability

This Department oversees the City's compliance with federal and state disability law including the Americans with Disabilities Act and administers services to persons with or at risk for acquiring HIV/AIDS. It plans, administers, and implements activities relevant to the accessibility of all City programs and facilities, provides Citywide in-service training and technical assistance for compliance with disability law, administers procedures for resolving accessibility grievances, and serves as a clearing house for information and referral. The Department also provides a variety of services in collaboration with the private sector and community-based entities.

Finance

The Office of Finance (Finance) provides for the efficient, effective, and responsible collection of revenue through a customer-focused environment to taxpayers and city departments; issues those licenses, permits, and tax registration certificates not issued by city departments; and makes recommendations concerning the efficient organization of the revenue collection functions of the City. Effective July 2011, the Office of the City Treasurer was consolidated into Finance (C.F. 11-0600-S40). As such, Finance serves as the custodian of all funds deposited in the City Treasury and all securities purchased by the City. This includes actively managing the City's general and special pool investment portfolios and cash and debt programs.

Neighborhood Empowerment

The Department of Neighborhood Empowerment, as established by Charter, has the mission of promoting citizen participation in government and making government more responsive to local needs by developing a citywide system of neighborhood councils. The adopted Plan for a Citywide System of Neighborhood Councils (Plan) ensures that every part of the City is within the boundary of a neighborhood council. The Department assists neighborhoods in preparing petitions for recognition or certification, identifying boundaries that do not divide communities, and organizing themselves, in accordance with the Plan. It coordinates the bi-annual Congress of Neighborhood Council meetings and arranges training for the neighborhood councils' officers and staff.

Bureau of Street Services

The Bureau's objective is to enhance public safety, mobility, health, and neighborhood quality of life by revitalizing the streetscape. Its three outcome goals are to (i) improve the quality of the road surface, (ii) maintain a safe, clean and green public right-of-way, and (iii) build streetscape improvements. The four core programs that support these outcome goals are Pavement Preservation, Urban Forestry, Motorized Street Sweeping, and Enforcement. Pavement Preservation includes resurfacing, slurry seal, small asphalt repairs, and the Pavement Management System, which maintains a comprehensive database of road surface conditions throughout the city. Urban Forestry includes the management and care of street trees and landscaped median islands and the issuance of permits relating to trees on both public and private property. Motorized Street Sweeping is primarily focused on posted routes in which sweeping occurs on a weekly basis. The Bureau's Investigation and Enforcement Division issues a wide variety of permits relating to construction and special events taking place within the public right-of-way and responds to complaints regarding violation of city codes including illegal dumping, vending, and water discharge. The Bureau's Engineering and Special Projects divisions use a design-build approach to construct streetscape improvements, including curb ramps, bus pads, median islands, bikeways, and customized streetscape improvements, in response to community needs. The Bureau also enforces the weed abatement ordinance on private, unimproved parcels outside of the high fire severity zone.

CITY OF LOS ANGELES

Tax and Revenue Anticipation Notes

A sum is appropriated to this Fund for payment of the entire debt service on tax and revenue anticipation notes issued to pay the annual contributions to both the Los Angeles City Employees' Retirement System (Retirement Fund) and the Fire and Police Pension Fund (Pension Fund) in July. The additional interest earned by the Pension and Retirement Funds from this early payment is used to discount the required City contribution to both Funds without reducing its annual receipts. A sum is also appropriated to this Fund for the interest portion of the debt service on notes issued to alleviate the short-term cash flow deficits that occur early in the fiscal year when certain taxes and revenues have not yet been received. The principal portion of the notes has not been appropriated in the budget since the principal is treated as temporary borrowing rather than expenditure.

Capital Finance Administration

An annual sum is appropriated to make lease and other payments, including trustee and arbitrage fees, required by various non-general obligation, long-term City financing programs. These financing programs utilize a financing lease or "lease purchase" generally paid out of General Fund appropriations and the sale of public securities (lease revenue bonds or certificates of participation) to acquire facilities and equipment items for use by City departments.

All monies received from the State and Federal Governments under those statutes are deposited in separate accounts within this Fund. PROPOSITION C ANTI-GRIDLOCK TRANSIT IMPROVEMENT FUND

Public Utilities Code Section 130350 provides that the Los Angeles County Transportation Commission may adopt a sales tax within the County, provided that it is approved by a majority of the electors. A one-half cent sales tax is collected to improve transit service and operations, reduce traffic congestion, improve air quality, efficiently operate and improve the condition of streets and freeways utilized by public transit, and reduce foreign fuel dependence.

The City receives funds from a 20 percent share of the revenues collected based on a per capita allocation. Funds may be used for public transit, paratransit, and repairing and maintaining streets used by public transit. The Los Angeles County Metropolitan Transportation Authority retains funding from the City's total Proposition C revenue allocation for a debt service payment.

All monies deposited in the Fund shall be used to pay the costs, exclusive of salaries, incurred in the City employee ridesharing program to provide for ridesharing enhancements that reduce City employee private vehicle usage in commuting to and from work. The Fund is administered by the Personnel Department. In accordance with the implementation of the Memorandum of Understanding on parking and commute options, revenues have included increases in parking fees, vanpool fares, and retention in the Fund of the $250,000 previously deposited in the General Fund. MEASURE R TRAFFIC RELIEF AND RAIL EXPANSION FUND

Public Utilities Code Section 130350 provides that the Los Angeles County Metropolitan Transportation Commission (Metro) may adopt a sales tax within the County, provided that it is approved by a majority of the electors. In 2008, the voters in Los Angeles County approved the imposition of an additional one-half cent sales tax for a period of 30 years to (a) expand the County Metro rail system, including providing a direct airport connection; (b) make local street improvements, such as signal synchronization, filling potholes, repairing streets and making neighborhood streets and intersections safer for drivers, bicyclists and pedestrians in each community; (c) enhance safety and improve the flow of traffic on freeways and highways; (d) make public transportation more convenient and affordable (especially for seniors, students, the disabled and commuters); and, (e) provide alternatives to high gas prices, stimulate the local economy, create jobs, reduce pollution and decrease dependency on foreign oil. All transit projects funded by Metro through the Measure R transit capital fund will require a three percent local match. Matching funds identified will allow Metro to deliver transit projects within the City more quickly.

A total of $4,070,047 is also budgeted in Schedule 34 Local Transportation Fund (TDA) for Sidewalk Repair Contractual Services, Engineering Consulting Services, and various expenses from the Bureau of Street Services related to the Sidewalk Repair Program. The City's Proprietary Departments are estimating $2,667,550 in sidewalk repair work for facilities. These amounts, plus the funds budgeted in the Sidewalk Repair Fund total $31 million in 2017-18. Please refer to the Detail of Department Programs, Vol. II for more details on the $31 million total. This meets the City's obligation, per the Willits Settlement Agreement, to spend $31 million per year to make sidewalks and other pedestrian facilities accessible to the disability community. The City's reporting requirement on Sidewalk Repair Program improvements begins upon final approval of the Agreement, expected in April 2017. Year One of the City's $31 million obligation begins on July 1, 2017.

*The City Engineer, subject to the concurrence of the City Administrative Officer, is authorized to transfer funds of any amount from special purpose fund appropriations within this Fund to the Incentive Program or Contractual Services accounts in order to implement the $31 million obligation.

SCHEDULE 52

MEASURE M LOCAL RETURN FUND

Public Utilities Code Section 130350 provides that the Los Angeles County Metropolitan Transportation Commission (Metro) may adopt a sales tax within the County, provided that it is approved by a majority of the electors. In 2016, the voters in Los Angeles County approved an increase of one-half of one percent (.5%) to the Sales Tax within Los Angeles County (County). The Sales Tax will increase to one percent (1%) on July 1, 2039, when the Measure R tax of one-half of one percent (.5%) tax imposed by Metro by Ordinance number 08-01 expires. Sales Tax revenue shall be used to meet the goals of improving freeway traffic flow; accelerating rail construction and building rail lines; enhancing local regional and express bus service, bike and pedestrian connections; improving transportation system connectivity, streets and intersections; addressing transit and highway safety; providing more accessibility, convenience, and affordability of transportation for seniors, students and the disabled; and incorporating modern technology in the transportation system.

BUDGET STABILIZATION FUND

The Mayor and Council established a Budget Stabilization Fund as part of the 2009-10 budget process. The purpose of the Budget Stabilization Fund is to set aside savings during periods of robust economic growth which can then be drawn upon to stabilize revenues during economic downturns. In 2011, Charter Amendment P added the Budget Stabilization Fund to the Charter. In March 2014, Administrative Code Section 5.120.4 was adopted which established the rules of the Fund. This Fund is comprised of excess revenue from seven economy-sensitive taxes, Property Tax, Utilities Users' Tax, Business Tax, Sales Tax, Transient Occupancy Tax, Documentary Tax, and Parking Users' Tax, pursuant to the Administrative Code. If cumulative receipts from these taxes are more than 3.4 percent above the prior year's level, those excess receipts are directed to the Budget Stabilization Fund. The Budget Stabilization Fund will primarily be used to offset shortfalls that occur due to lower than usual (3.4 percent) growth in these taxes, or for one-time uses if the amount in the Fund exceeds 15 percent of the General Fund budget.

STAPLES ARENA FUNDING AGREEMENT RECONCILIATION

The Staples Sports Arena is a sports and entertainment complex located adjacent to the Los Angeles Convention Center. The City entered into various agreements with the Arena Developer to advance approximately $70 million towards the project. Pursuant to the Gap Funding Agreement between the City and the Developer, the Developer is obligated to fully offset the City's costs for debt service on bonds issued for the Arena, reimbursement for property conveyed to the Developer, and compensation for loss of interest earnings on cash advanced toward the project. The Agreement specifies certain credits that will offset the Developer's obligations to the City. This schedule serves as an accounting of the Developer's obligations and offsetting credits.

*Debt payments are budgeted within the Capital Finance Administration Fund, with the Staples Arena Trust Fund as the source of funds. Actual cash payment to Trustee may vary from budgeted amount due to interest earnings.

**The 1998 Gap Funding Agreement authorized the Staples Developer to offset the repayment obligations with certain allowable credits. When the allowable credit exceeds the obligation amount, the Staples Developer is allowed to carry the credit forward in the following fiscal year. In 2003, Amendment No. 1 to the Gap Funding Agreement authorized the Staples Developer to prepay its repayment obligations. In exchange for the City's agreement to modify the credit enhancement requirements, the Staples Developer paid the City $16.5 million, comprised of $14.7 million for estimated shortfalls and $1.8 million for additional inducement.

CITY DEBT POLICY STATEMENT

In August 1998, the City adopted a formal debt policy, and in April 2005 this debt policy was incorporated into the City's Financial Policies. The debt policy established guidelines for the structure and management of the City's debt obligations, including target and ceiling levels for certain debt ratios to be used for financial planning purposes. The policy places certain restrictions on the types of items that can be financed, limiting financing only to those items with a useful life of six years or more. In accordance with the policy, the ratio of annual debt payments cannot exceed 15 percent of General Revenues for voter-approved and non-voter approved debt overall, and cannot exceed six percent of General Revenues for non-voter approved debt alone. The six percent ceiling for non-voter approved debt may be exceeded only if there is a guaranteed new revenue stream for the debt payments and the additional debt will not cause the ratio to exceed 7.5 percent, or there is not a guaranteed revenue stream but the six percent ceiling will only be exceeded for one year.

RATIO	CEILING	ADOPTED 2016-17	REVISED 2016-17	ADOPTED 2017-18

Non-Voted Direct Debt Service as Percent of General Revenues	6%	4.12%	3.95%	4.29%

STATEMENT OF BONDED INDEBTEDNESS AND OTHER OBLIGATIONS

Charter Section 312(g) requires that the budget provide all essential facts regarding the bonded and other indebtedness of the City government. Under the California Constitution, the City may issue general obligation bonds subject to the approval of two-thirds of the voters voting on the bond proposition. General obligation bonds represent an indebtedness of the City secured by its full faith and credit. An ad valorem tax on real property is levied to pay principal and interest on general obligation bonds. The City may also levy special taxes on real property based on the size of improvements (rather than assessed valuation) with two-thirds voter approval. These taxes may secure bonded obligation. The City may issue revenue bonds under the State 1941 Act with approval by 50 percent plus one of the voters. Under the new City Charter, the City may establish its own procedures for issuing revenue bonds. Under State law, the City may also enter into long-term lease obligations without obtaining voter approval. Lease revenue bonds and certificates of participation may be issued which are secured by such lease-purchase agreements. Under various sections of State law, the City may establish assessment or Mello-Roos districts and issue bonds for infrastructure improvements. The bonds are secured solely by the properties in the district. The table below summarizes the outstanding general obligation bonded indebtedness of the City, judgment obligation bonds, lease revenue bonds, certificates of participation, revenue bonds and special assessment and Mello-Roos districts.

1) The total City Contribution (General Fund) in a given Fiscal Year is the sum of the General Fund and Excess Benefit Plan (EBP) line items. For 2017-18 these amounts total $634,905,341. However, since the EBP revenue is transferred to the Controller, it is excluded from LAFPP total revenue. The Harbor contribution is calculated separately and reflected in the Harbor Revenue Fund.

2) In November 2016, voters of the City of Los Angeles approved an amendment to the City Charter to (1) enroll all new Airport Police Officers hired on or after January 7, 2018, in the Los Angeles Fire and Police Pension Plan (LAFPP) instead of the Los Angeles City Employees' Retirement System (LACERS); (2) allow all current Airport Police and Airport Safety Officers who started before January 7, 2018, to convert all of their LACERS retirement credit to LAFPP Tier 6 credit at their own expense; and (3) give any current or future Airport Chief of Police the option of joining LACERS instead of LAFPP. The first contribution will be due on January 7, 2018 from Airports.

Spending Limitation and Grants

CITY OF LOS ANGELES

GOVERNMENT SPENDING LIMITATION

This schedule presents information with respect to compliance with Article XIIIB of the State Constitution which provides for State and local government spending limitations, effective with the 1980-81 fiscal year. As originally approved, Article XIIIB provided that "appropriations subject to limitation" shall not exceed the appropriations limit for the prior year adjusted for changes in the cost of living and population. "Appropriations subject to limitation" generally exclude appropriations from: user fees, except for proceeds exceeding the costs of providing the service; Federal grants; State mandated program reimbursements; and indebtedness funds. The costs of court and Federal mandates are also excluded. If the financial responsibility of providing a service is transferred to another agency or the financial source is transferred from other revenues to user fees, then the appropriations limit is to be decreased accordingly.

Article XIIIB was significantly amended in 1990. The appropriations limit for 1990-91 shall be the limit for 1986-87 adjusted as follows: 1) The City may choose either the City or County population change each year; 2) The City may choose either the change in California per capita personal income or the change in the City's nonresidential new construction on the local assessment roll; 3) Appropriations for capital outlay projects (fixed assets with a useful life of ten or more years and a value of $100,000 or more) may be excluded from the limit.

The following is a comparison of City appropriations limits and "appropriations subject to limitation." As provided by the 1990 amendments to Article XIIIB, the calculation of the appropriations limit is reviewed as part of the City's annual financial audit.

Budget: A plan of financial activity for a specified fiscal year indicating all planned revenues and appropriations for the year.

Budget Stabilization Fund: The Budget Stabilization Fund was created to prevent overspending during prosperous years and provide resources to help maintain service levels during years of slow revenue growth or declining revenue. Charter Amendment P established the Budget Stabilization Fund in the City Treasury. Requirements for transfers or expenditures from the Fund were established by ordinance.

Comprehensive Annual Financial Report: The annual publication of the City's financial condition at conclusion of the fiscal year. The report is prepared to conform to Generally Accepted Accounting Principles (GAAP) for governmental units and presents the financial data in conformity with the Adopted Budget.

Debt Policy: The City adopted a formal debt policy in August 1998 and revised it in April 2005. The debt policy establishes guidelines for the structure and management of the City's debt obligations. These guidelines include target and ceiling levels for certain debt ratios to be used for planning purposes as shown in the City Debt Policy Statement Schedule in Section 3 of the budget.

GLOSSARY

Debt Service: The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Department: A major administrative division of the City that indicates overall management responsibility for an operation or a group of related operations within a functional area. The responsibilities are indicated under the heading of its budget. A department often has more than one budgetary program and may have more than one source of funds.

Department of Airports: The Department, under its Board of Commissioners, is responsible for management, supervision, and control of all airports and airport facilities under the jurisdiction of the City of Los Angeles. It plans, constructs, and maintains its own buildings and controls its own funds in accordance with the City Charter. The budget is independent of the City's General Budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Department of Water and Power: The Department, under its Board of Commissioners, is responsible for supplying the City and its inhabitants with water and electric energy. This is accomplished by constructing, operating, and maintaining works for importing water and electric energy throughout the City and in Mono and Inyo Counties and by importing electric energy from other western states. The Department fixes rates for water and electric service subject to approval of the City Council by ordinance. It controls its own funds and maintains an independent retirement, disability, and death benefit insurance plan. The budget is independent of the City's General Budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Detail of Department Programs: Supplement to the budget book that identifies by department and program the incremental changes from one fiscal year to another fiscal year (also referred to as the Blue Book). The Blue Book also contains related departmental schedules including the Detail of Positions and Salaries, Contractual Services, and Travel Authority.

Expenditure: A payment made for cost of services rendered, materials, equipment, or capital improvements.

Fee: A charge to the party who benefits directly from the City's service, such as individual building permit fees.

Financial Policies: The City adopted a formal set of financial policies to govern several areas of City financial management. The adopted financial policies include the following: Fiscal Policies, Fee Waiver Policy, Capital Improvement Program Funding Policy, Pension and Retirement Funding Policy, Reserve Fund Policy, Debt Management Policy, and General Fund Encumbrance Policy.

Fire and Police Pensions: The Department administers the provisions of the City Charter relative to service, disability, and dependents' pensions for members of the Fire and Police Departments and certain Harbor and Airports Police members. The budget is independent of the City's General Budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Fiscal Year: The time period for the City budget, which begins on July 1 and ends on June 30 of the following year.

Function: A group of related budgetary programs across departmental boundaries and aimed at accomplishing a broad goal or major service. The details are shown in Section 6 of the budget.

Fund: A fiscal entity with revenues and expenditures that are segregated for the purpose of carrying out a specific purpose or activity.

GLOSSARY

General Fund: The fund for deposit of general receipts which are not restricted, such as property, sales and business taxes, and various fees. The General Fund also functions as a set of subfunds (primarily by departments) to track appropriations and expenditures.

General Obligation (G.O.) Bond: This type of bond is backed by the taxing power without limitation of the City and is paid from an ad valorem levy on property.

Grant: A contribution by a government or other organization to support a particular function.

Harbor Department: The Department, under its Board of Commissioners, is responsible for the management, supervision, and control of the Harbor District, operates the Port of Los Angeles, operates a pilotage service, and engages in the leasing of land and production of oil in the District. It constructs and maintains its own facilities and controls its own funds in accordance with the City Charter. The budget is independent of the City's General Budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Los Angeles City Employees' Retirement System: The Department administers the provisions of the City Charter relative to the retirement, disability, and death benefits provided for all City employees, except the uniformed forces of the Fire and Police Departments and the Department of Water and Power. The budget is independent of the City's General Budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Modified Cash Budget: The basis of the general budget recognizing revenues upon receipt and appropriating planned expenditures and obligations for the fiscal year. Revenue is recognized when cash is received, regardless of when it is earned, whereas the appropriation is made for the planned operations during the concerned fiscal year.

Municipal Improvement Corporation of Los Angeles (MICLA): A finance corporation established for the purpose of lease or "lease purchase" arrangements to finance real property, capital equipment acquisition, or capital improvements through lease revenue bonds or certificates of participation.

Program: A group of related budgetary activities performed by a department to accomplish a function for which the City is responsible.

Property Tax (Ad Valorem): There are two distinct types of property tax levies authorized by State legislation, as follows: One Percent and General Obligation Bond Debt Service. The County administers the levies as assessor and tax collector.

Property Tax - One Percent: In essence, properties are valued and assessed at one percent of the market value except for certain adjustments. The City is entitled to its pro rata share of the County collection under a formula which was developed in 1978 after the major change to the tax structure under Proposition 13.

Proposition 13: State Proposition 13 limits the amount of ad valorem taxes on real property to one percent of full cash value (County Assessor's valuation of real property as shown on the 1975-76 tax bill under full cash value, or thereafter) as determined by the County Assessor, except the additional ad valorem on bonded indebtedness for acquisition or improvement of real property approved on or after July 1, 1978 by two-thirds of the voters on such indebtedness.

Regular Position Authority: A position funded in the budget and approved for filling by ordinance. The need for this position is permanent.

Related Cost: A cost necessary for the functioning of a City department as a whole that is budgeted outside that department. Such costs include pensions, health insurance, utilities, pool vehicles, and custodial services.

Reserve Fund: The fund in which general unrestricted cash is set aside outside the budget for unforeseen expenditures and emergencies. The funds can be transferred into the budget for such purposes. Unallocated general revenue and unencumbered General Fund appropriations to departments at the close of the fiscal year are transferred into this fund. The Reserve Fund is comprised of two accounts - a Contingency Reserve Account and an Emergency Reserve Account. The Contingency Reserve Account is available to cover unexpected expenditures and/or General Fund revenue shortfalls upon authorization by the City Council. The Emergency Reserve Account, which is set at a minimum of 2.75 percent of the General Fund revenues, may not be used for funding unless the Mayor and City Council determine that there is an urgent economic necessity and conclude that no other viable sources of funds are available.

Reserve Fund Policy: The City adopted a Reserve Fund policy in 1998 which required the City to maintain a Reserve Fund (unreserved and undesignated) equivalent to two percent of General Fund revenues. In April 2005, the Policy was revised to increase the minimum Reserve Fund balance to five percent of the adopted budget General Fund revenues. This policy change was strengthened through the adoption of Charter Amendment P in the City's March 8, 2011 municipal election. Charter Amendment P established the Reserve Fund's Emergency and Contingency Reserve as Charter accounts and set a minimum balance for the Emergency Reserve account of 2.75 percent of General Fund receipts. Furthermore, this amendment set an "urgent economic necessity" threshold for when the Emergency Reserve can be spent, which requires the approval of at least two-thirds of the City Council and the Mayor.

Resolution Position Authority: A position funded in the budget and approved for filling by a Council resolution. The need for the position is expected to be temporary.

Revenue: Cash or credits the City receives during the fiscal year as income to finance general or restricted operations. They include items such as taxes, fees from specific services, interest earnings, and grants from the State or Federal governments.

Revenue Bond: This type of bond is backed only by the revenues from a specific enterprise or revenue stream, such as sewer revenues.

Revenue Outlook Book: Supplement to the budget which lists sources of General Fund revenue and includes graphs and pertinent financial data and detail of departmental receipts by class and source for each operating department.

Source of Funds: The section in the budget of each department or fund indicating how it is being financed whether from the General Fund or special purpose funds.

Special Purpose Funds: Funds that account for proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes. The budget schedules for these funds are included in Section 3, which lists the expenditure restrictions, revenue available, appropriations, and expenditures for three fiscal years.

Substitute Position Authority: A position not funded in the budget and approved for filling by a Council action. Positions are temporary, usually a year or less, and must be funded through departmental savings.

Surety Bond: An insurance policy obtained by the City to ensure that City bondholders are repaid. The surety replaces existing reserve funds on several outstanding Municipal Improvement Corporation of Los Angeles (MICLA) and Convention Center issuances.
